Premises Liability – Slip, Trip & Fall One Hour Presentation

Course Objectives

This **Premises Liability – Slip, Trip & Fall** seminar is a program designed to provide the participants with a working knowledge of the basic principles of a Premises Liability – Slip or Trip & Fall. The instructor will cover various codes and industry standards in use today to evaluate a slip or trip & fall incident. And finally, the presentation will use examples of past projects to illustrate how an alleged slip or trip and fall incident is investigated as well as the possible outcomes.
